Build a beautiful bedroom with Charter Club bedding. With endless options to suit every lifestyle, Charter Club offers elegance, ease, and the essential pleasure of a good night's rest.

TIPS:

Every new couple should register for at least three sets of sheets: one for use, the other for the laundry, and the third in the linen closet.

MUST HAVE:

Damask Bedding For unmatched elegance, every day, try luxuriously soft Damask Stripe 500 thread count bedding from Charter Club. Created on dobby looms, the subtle interplay of satin and matte textures is timeless.

DON'T FORGET:

For a more finished, luxurious look, top your bed with three European square pillows.

BEDDING BASICS

The foundation of a good night's sleep starts with fluffy comforters, a soft, protective mattress pad and pillows wchosen to suit your sleep style.

MUST HAVE: Levels Comforter

The Levels collection offers warm, breathable down comforters in varying fill weights, allowing you to choose the ideal comforter for your bed. From the light coverage of airy, soft Level 1 to the reassuringly heavy Level 6, these comforters all feature 250–350 thread counts and fine quality construction.

Q:

Should I choose a down or synthetic comforter?

A:

Down offers unsurpassed warmth and a comfort level for every sleeper. If you are looking for a hypoallergenic alternative, choose the synthetic comforter.

DON'T FORGET:

Finish the look of your bath with a stylish shower curtain, such as the new Lagoon shower curtain. Choose from our selection of sophisticated shower hooks.

BATH COLLECTION

When creating your bathroom suite, lend a touch of indulgence to the items you'll use every day. Charter Club offers luxurious towels, plush cotton robes, and timeless accessories.

MUST HAVE:

Classic Bath Towels
Made from 100% long-staple pima cotton, Charter Club towels are soft, generously sized, and available in a stunning array of colors.

DINNERWARE COLLECTION

Lend some sparkle to your table with the Grand Buffet Collection, in your choice of gold or platinum accents.

Made of fine china with subtle detailing, Grand Buffet dinnerware is sophisticated enough for entertaining, and durable enough to use every day.

TIPS: Curious how many pieces of dinnerware you should register for? Typically, new couples start with eight place settings. Be sure to register for serving pieces in the collection as well, such as serving platters, creamer, even salt and pepper shakers.

Q:
Why buy porcelain?

A:
Porcelain is fired during production to create a strong, non-porous, glasslike surface that combines elegance and endurance. It is generally less expensive than bone china.

DON'T FORGET:
Rimmed Soup Bowl
It's an ideal shape for warm soups, broths, and consommés.
